

What you need to know:

Availability

Requests for speaking engagements should be made at least six months prior to the event you'd like me to speak at. I will respond with a yes or no within two weeks of receiving your request.

Cost

I require all transportation and lodging costs to be covered by you, the sponsor. If I'm flying, please book flights for me and arrange for pickup.

In the case of driving / mileage, under 250km (return trip) I charge the standard fee of .46 a kilometer. For venues that require more driving than that, I will invoice you for twice the gasoline costs to help you keep costs down. (IE, \$70 for a tank of gas x2 = \$150, VS. 600km x .46 = \$276)

I charge \$150 per session.

Topics

I offer five powerful retreat packages for you to choose from (see the following page for summaries of these mini-series themes).

If you would like me to speak on a different theme/passage, we can discuss that possibility. Special topic requests will cost an additional \$150 to cover increased prep time.

Additional requests

I love to use my iPad for wireless presentations through a projector. I bring my own wireless gear, but if your projector doesn't have HDMI inputs, please let me know.

I will need a sturdy music stand for my speaking gear and a water bottle for each session.

For retreats, I will need my own room.

I will probably make reference to my website and resources I have written at some point in the retreat.

Information stuff

Please send me flight/pickup info as soon as you have it.

Please send me a detailed schedule for the event at two weeks prior.

If I'm driving, please send me the "where to go and how to get there" info I need two weeks prior.

You can reach me initially at bhuebert@mac.com.
